

GEMS Financing Program

Consumer Credit Application

This is not a contract for a loan nor does it lock you into any commitment with a contractor. This is an application that will allow us to proceed with your request for a loan to finance your improvement(s). This will include reviewing your credit history.

All parties listed on title of the property must be applicants on the loan. Properties held in trust may be eligible for financing if all named trustees apply for the loan and meet program eligibility requirements. Use additional applications if necessary, and fill out only Section A and/or Section B for additional applicants. A full trust review will be performed if the property is held in a trust. The review is subject to a fee per trust. Properties with multiple trust that require more than one trust review may be subject to additional fees. Paying the fee for the trust review does not guarantee a loan.

Please complete all fields. Incomplete applications will be returned to you for completion. Only approved energy improvements that have not been started are eligible for financing. Upon completion of the application, please sign the credit application below and attach a copy of a recent electric utility bill, driver's license or other valid government identification and lease (if applicable) using the attachment fields below. If submission issues arise, please call Hawaii Green Infrastructure Authority ("HGIA") at 808-587-2760 for alternate methods of submitting this form.
